Opportunity Knocks for the Right Buyer! This property offers tremendous potential but is best suited for those ready to invest some serious sweat equity. Set on just over 21 acres of fenced and cross-fenced pasture, it's currently configured for horses and cattle, complete with a dugout for water. The existing structures, including the house, are in poor condition and in need of significant repair or replacement. The house has not been lived in for years and is currently used for storage. The well is located in the basement, where some leakage has been observed, and the furnace is outdated. Please note: The mobile home on the property is not included in the sale and will be removed prior to possession.
