2 Bedroom, 3.00 Bathroom, 1,024 sqft

Residential on 0.06 Acres

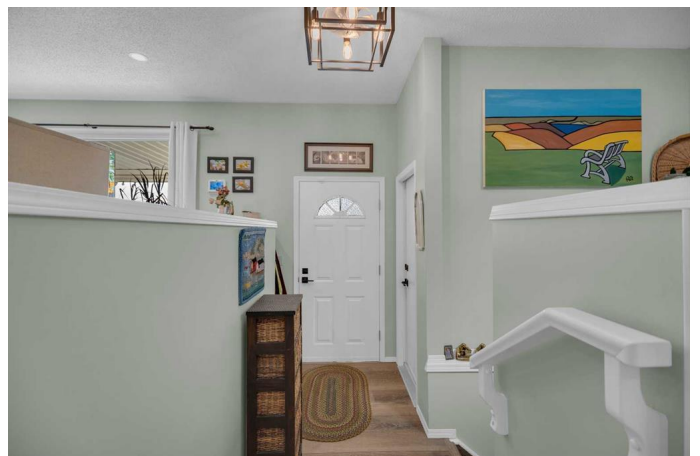

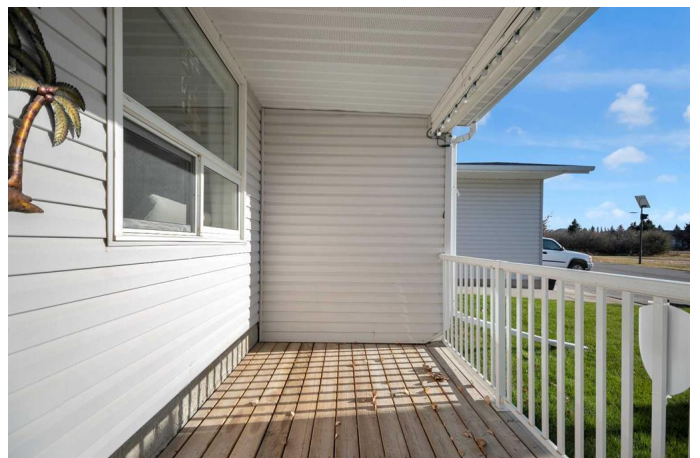

NONE, Vulcan, Alberta

Don't have the time or energy to shovel snow or mow the lawn? Then this might be the perfect place for you! This move-in-ready two-bedroom, two-and-a-half-bath condo is located in the Town of Vulcan—just one block from the clubhouse at the Vulcan Golf Course.

The main level features a bright living room, kitchen with corner pantry and newly installed quartz countertops (October 2024), dining area, and a convenient main floor laundry. You'll also find the primary bedroom with a full ensuite, a second bedroom, and a two-piece bath. The fully developed basement offers plenty of extra living space, including a wrap-around family room, recreation room, storage area, utility room, and a three-piece bathroom. The rec room is large enough that the current owners have used part of it as a guest bedroom—perfect for visiting friends or family. Energy efficiency was top of mind in this build, and as a middle unit, you'll benefit from even lower utility costs.

Thoughtful design means you rarely need to venture downstairs—the electrical panel is conveniently located on the main level.

Recent updates include new asphalt shingles (2024), appliances (2023), and added attic insulation (16 inches). Several light fixtures have been updated, and the high-efficiency furnace, central air conditioning, and hot water tank were installed within the last two to three years. There's also a central vacuum system (unused by current owners) and an attached single-car garage. Enjoy all that

Vulcan has to offer, including a hospital,
18-hole golf course, seasonal outdoor pool,
walking paths, shopping, community events,
and of course—our famous spaceship!
