Residential on 0.14 Acres

NONE, Redcliff, Alberta

Delightful and energy-efficient, this home is ideal for young families, retirees, or anyone seeking comfort and quality. Featuring large 46x130 lot, spacious rooms, tasteful décor, and durable vinyl plank flooring, it includes five appliances for easy living. Built with 2x6 exterior walls, central air conditioning, and ceiling fans, this home offers exceptional year-round comfort and efficiency. The primary bedroom boasts a private ensuite and walk-in closet, while the overall design combines practicality with style, making this a smart investment with mortgage payments often lower than rent. Step outside to enjoy a beautifully landscaped yard filled with perennials, raised garden boxes, crab apple and pear trees, raspberries, strawberries, rhubarb, asparagus, chives and attractive wood fencing (built in 2020). The peaceful outdoor spaces make the most of sunny summer days. Convenient parking options include, in front, ample on-street parking and paved double driveway, as well as back-lane access to more generous off-street parking suitable for vehicles and RVs. The large double garage is a standout feature, complete with workbenches and a practical loft for extra storage. For peace of mind note the following: Regularly maintained furnace, with circuit board replaced in 2018 and motor in 2025; Lennox AC unit installed in 2021; garage improvements done in 2023 include garage insulation, natural gas heater and exhaust fan motor replacement; and front deck painted and

stained in 2025.
